Manifold cabinet TT-VS-A

Suitable for:

The TT-VS-A is a flexible and robust surface-mounted manifold cabinet, ideal for the installation of heating and floor manifolds. The multi-part design offers an easy installation and can be adapted to different requirements.

- **Installation frame:** Sheet steel, hot-dip galvanized.
- **Front:** 3-part, removable from the back panel, white plastic-coated RAL 9016, with cabinet lock.
- **Installation depth:** 125 mm, smooth - without punchings.
- **Installation height:** 564 mm.
- **Screed plate:** Removable and white plastic-coated.
- **Cabinet feet:** Reinforced, height-adjustable steel feet.

The delivery includes the enclosure with two mounting rails and the front. The enclosure can be separated from the back panel for easier installation.
